## Post Show Report – GolfEx Dubai 2007

### GolfEx 2007 Testimonials

It was a pleasure to be there and I know that Monty appreciated your kind comments. You know we will always be supportive both in Dubai and in the UK and look forward to helping you with IMG and IMG client speakers for the future.

*Guy Kinnings  
IMG*

It's always a pleasure to spend time with the 3 of you. I've really enjoyed both my trips to Dubai and I'm glad the Tour has been able to help give GolfEx some early momentum. I thought this edition was much tighter and more focused and I hope everybody who attended got something out of it.

As mentioned I would like to see us doing more in terms of developing golf in the wider region – I know some of your sponsors have big international expansion plans – and we'd be happy to talk about putting countries on the map and helping develop tourism through the European Tour next time around if that fits.

*Mark Lichtenhein  
Director of Broadcasting & New Media  
European Tour and Joint MD of European Tour Productions*

Thanks for your note. It was a great pleasure to briefly meet each of you last week. Thank you for the invitation to take part in GolfEx – I thoroughly enjoyed my time with Peter, Andrea and Nigel and hope it wasn't too turgid for those who were forced to sit through it.

You've a potentially great event in GolfEx – the organisation is impressive, as was the line-up of speakers you put together.

Finally – the pod cast idea is a great idea – in the past week I've managed to catch all of the presentations that I missed during the event.

If I, or EGD, can assist in the future, then please feel free to give me a call. In the meantime, I look forward to the possibility of seeing you in London or in Dubai next year.

Hello guys...got back ok after traveling for what seemed like several days (always harder heading home). Thank you to each of you for the invitation and hospitality you showed me while in Dubai. I was very impressed with the entire conference set-up and hope to have the opportunity to part a part of GolfEx as it grows. Thanks again now please get some rest!

I know I said it in Dubai but congratulations to you, Aidan and Robyn for what you achieved with GolfEx II. I can appreciate how much you put into it but all that work must have given you a good feeling on Monday night. It took GolfEx I to another level and you can go forward from there.

A congratulations note to Neil, Robyn and yourself on the organisation and running of this year's GolfEx Dubai.

The choice of venue greatly improved the atmosphere and function - of the conference hall, exhibitor's hall, networking lounges and of course the splendid terrace and hospitality afforded to all thereon - and

therefore this year's event came across as more relaxed and synergetic between delegates, exhibitors and speakers alike.

Dubai may have the glamour to attract the names associated with projects, but on the other side of the coin it is a physically and mentally demanding place to construct. Therefore everybody has a part to play and should be recognised correctly for their achievements in delivering the 'promise'.
